# TUTO Inventor Mtb disc

inspirated from the HOPE tech and shimano xt icetech mtb rotors
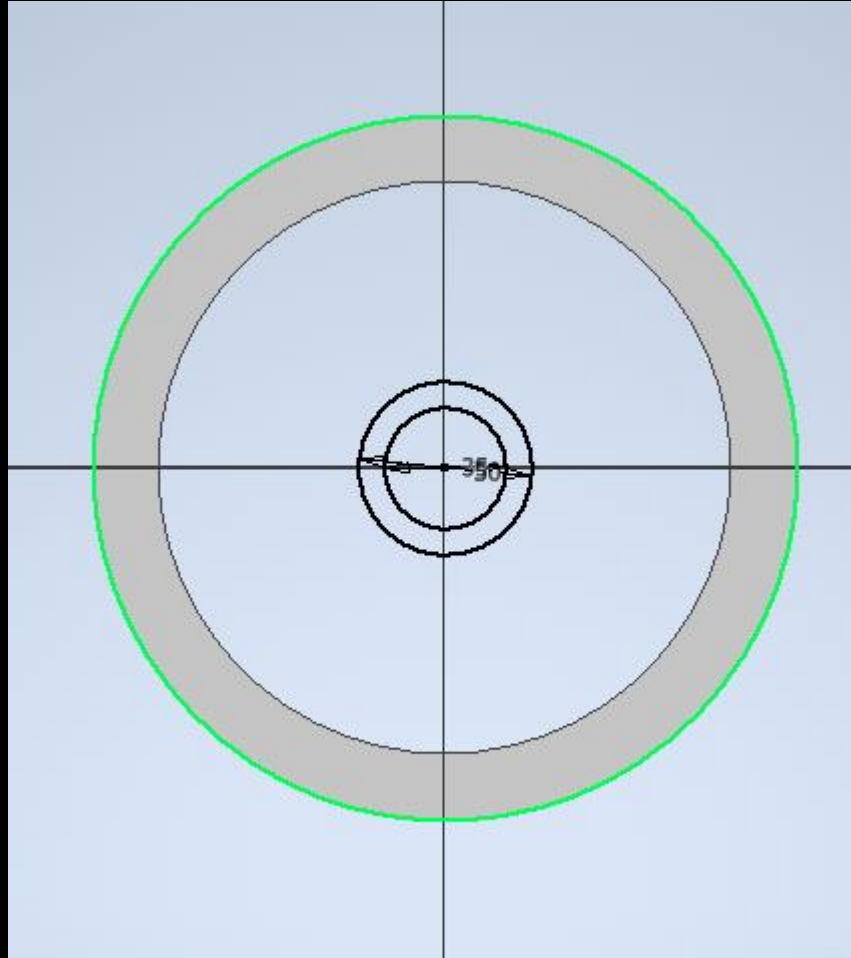

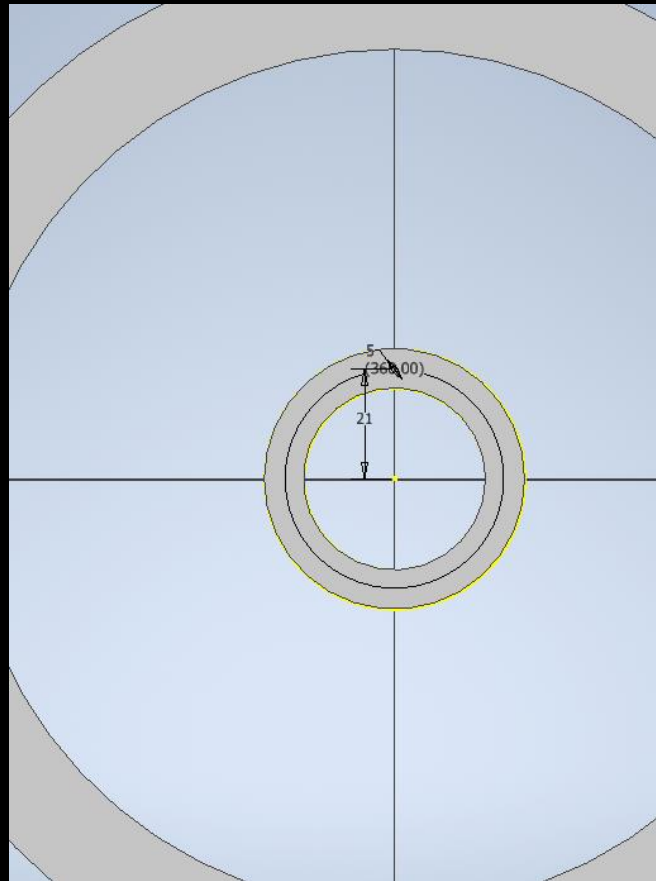

1st step : start with a 2d draft
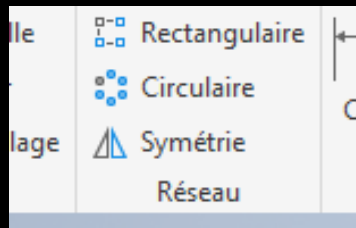

▶ 2ⁿᵈ step :

extrude the draft

Step 3 :make another
2d draft on the same plan
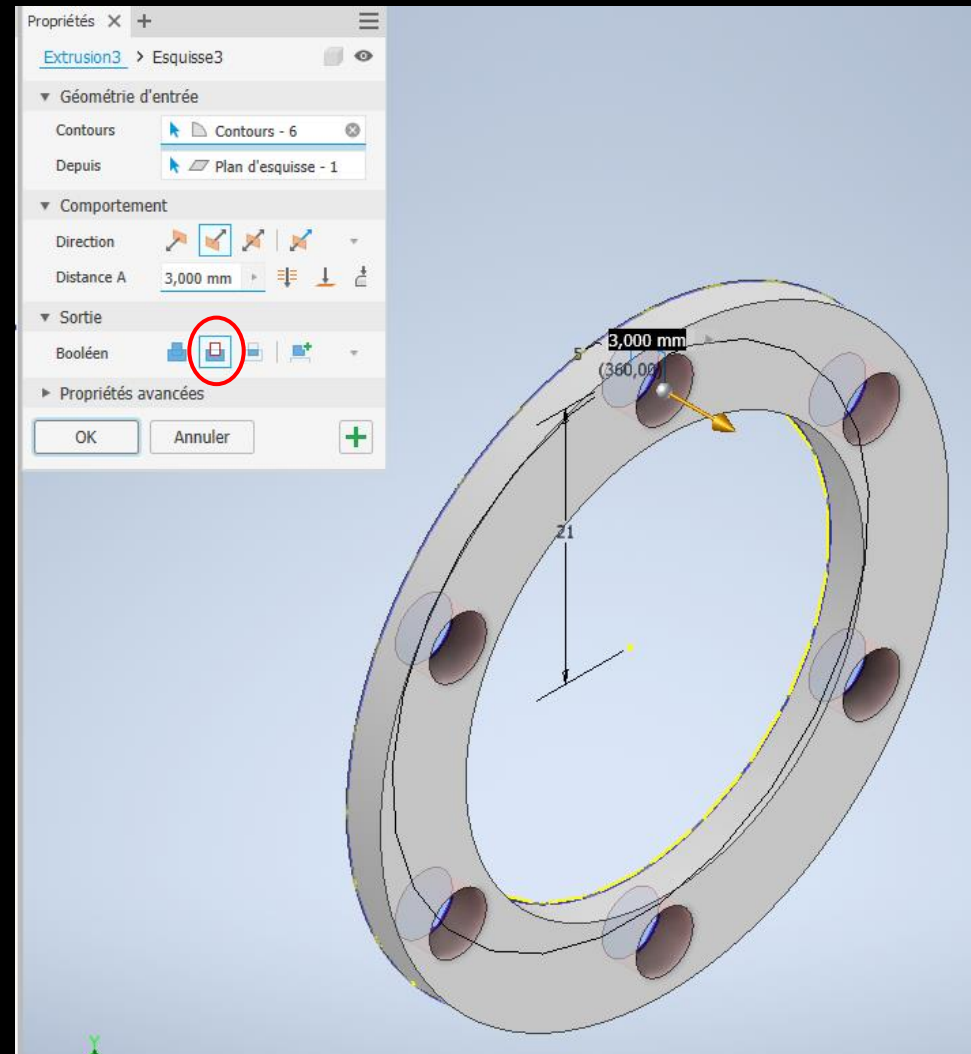

▶ Step 4 : repeat the step 2

► Step 5 : another one

► Step 6 : use the circular grid function in sketch mode to repeat the action
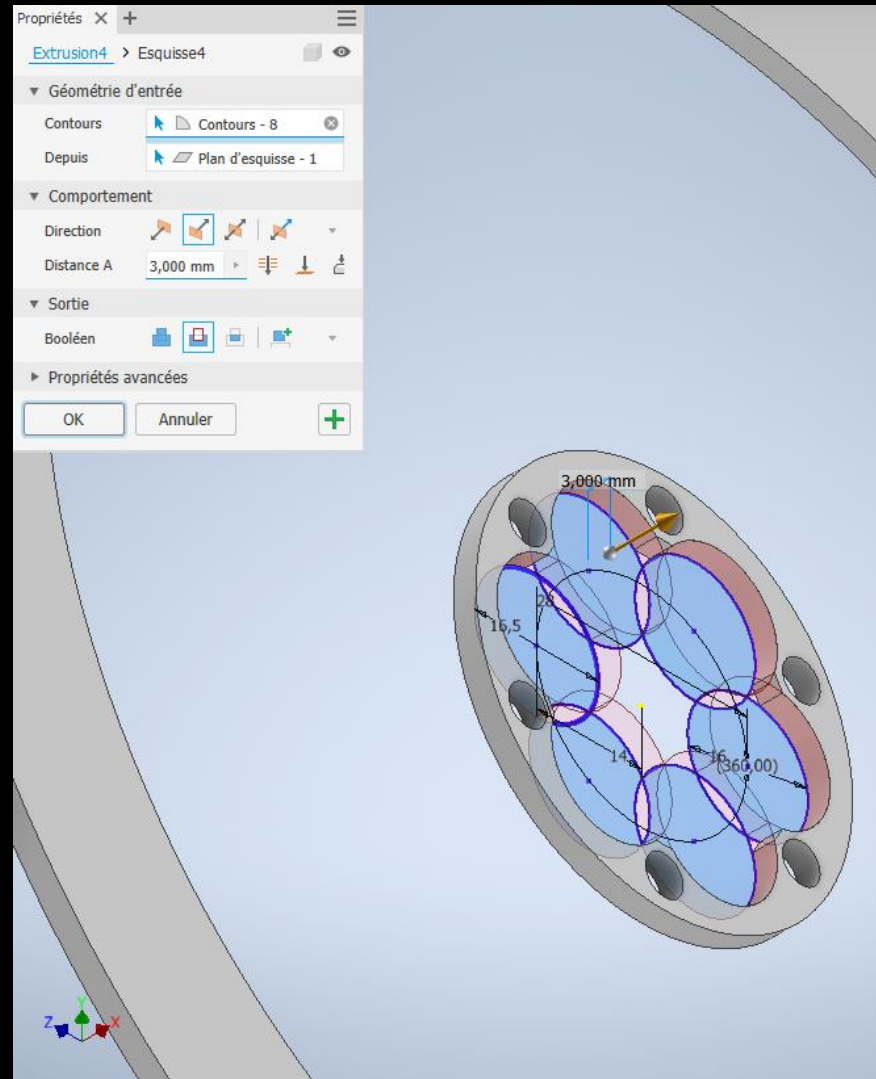

► Step 7 : make the holes in 3d

▶ Step 8 : make with the circular grid and the draft 6 circles

Step 9 : extrude that

Step 10 :

Add geometry forms

And repeat it with

The circular grid
